Education

High Secondary School Chodh dargah
10th - 56.8

01/22

Centurion University Of Technology And Management
Diploma In Computer Science Engineering - 7.7

07/25

Projects

ERP DASHBOARD IN PYTHON

- Developed an ERP dashboard using Python to visualize and manage business data. Integrated data from multiple departments, created interactive charts, and connected to a database for real-time updates. Used Tkinter/Dash for the interface and automated reports/alerts.

WEBSITE HOSTING USING AWS EC2

- Hosted a website on AWS EC2, configuring instances for optimal performance, security, and scalability. Integrated Route 53 for domain management and ensured reliable uptime with automated backups

IOT BASED SMART CLASS

- Developed an IoT-based smart class system to enhance classroom management and learning. Integrated sensors for real-time monitoring of temperature, light, and attendance, with data sent to a central dashboard for analysis.

LANGUAGE

- HINDI
- ENGLISH

Key Skills

- Microsoft Office
- C , C++
- AWS Cloud Computing
- AutoCAD
- TEAMWORK
- PYTHON
- PROBLEM SOLVING

Interests

- Traveling
- Photography
- Writing
- Watching Movie
